

What is Domain Pointing?

The Domain Pointing feature that is included with your Web Hosting package allows you to point your domain to another domain that you have registered.

Set Up Guide

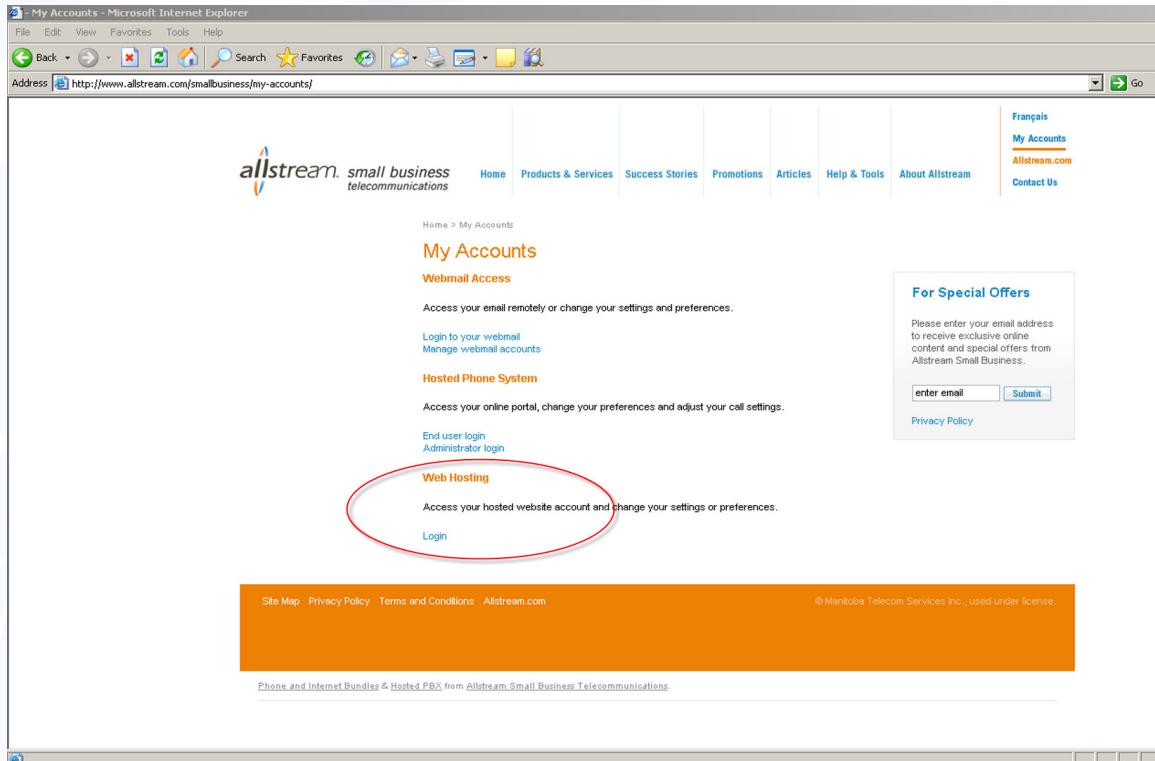

To set up the Domain Pointing feature please complete the following steps.

- 1) Click on the **My Accounts** link on the Allstream Small Business website at <http://www.allstream.com/smallbusiness/>

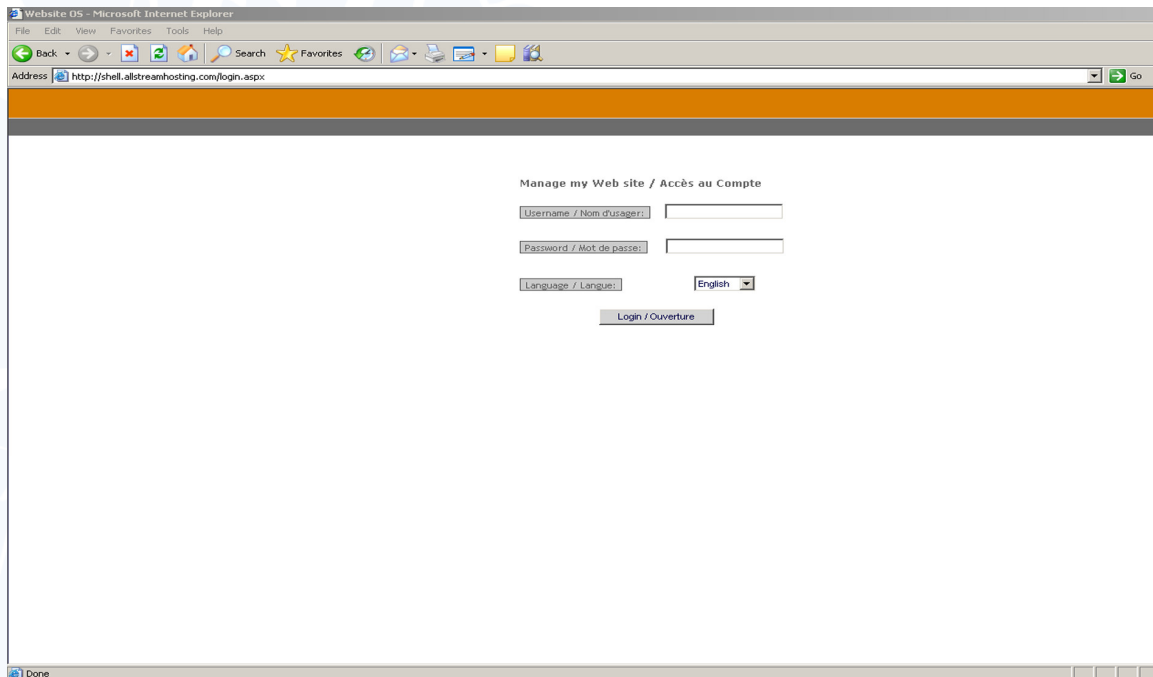

Allstream assumes no responsibility or liability for any loss or damage, including personal injury or property damage, which may result from the connection of your computer to the Internet as discussed in this guide. By proceeding with this installation, you assume all risk of personal injury or property damage. Please consult the documentation provided by the vendor or manufacturer of your computer to identify any impacts to your warranty. (© MTS Allstream Inc. All rights reserved.)

- 2) In the Web Hosting section click on **Login**.

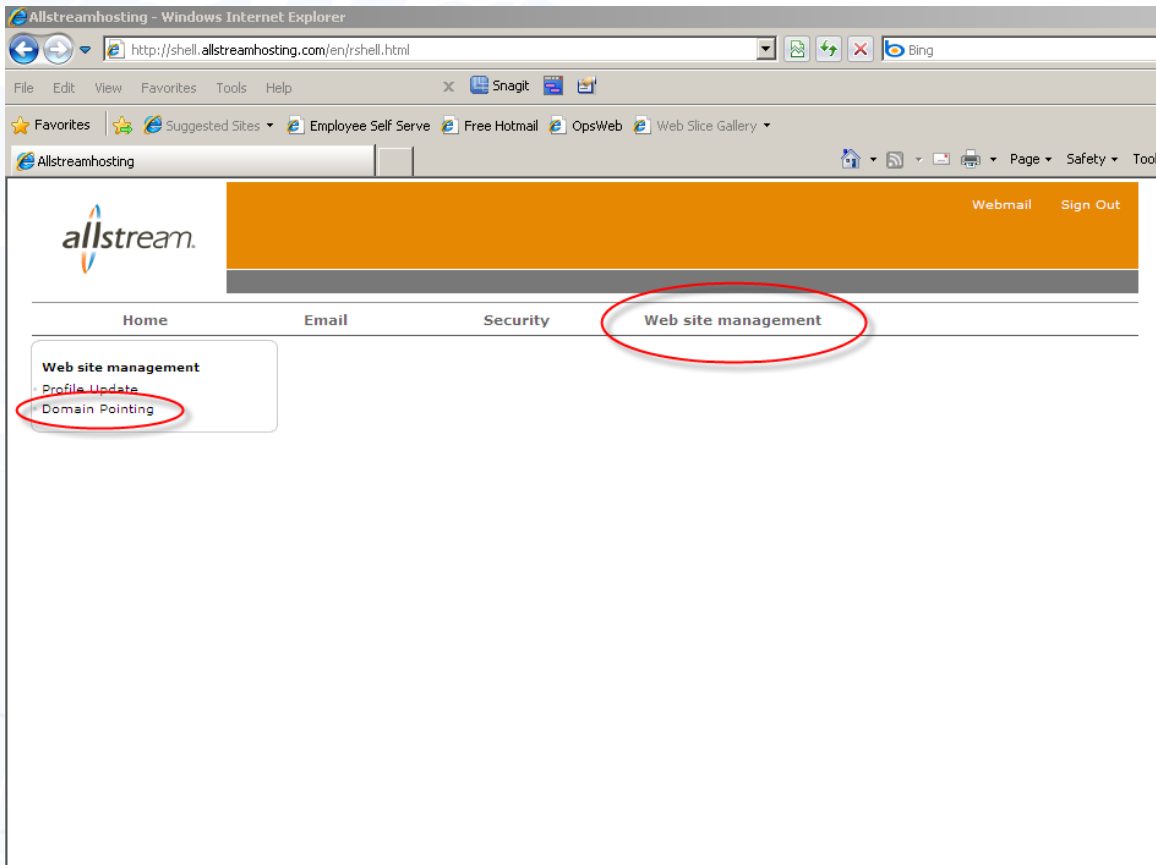

Allstream assumes no responsibility or liability for any loss or damage, including personal injury or property damage, which may result from the connection of your computer to the Internet as discussed in this guide. By proceeding with this installation, you assume all risk of personal injury or property damage. Please consult the documentation provided by the vendor or manufacturer of your computer to identify any impacts to your warranty. (© MTS Allstream Inc. All rights reserved.)

- 3) Enter your username and password. Enter your domain name in the username field and your default password which was provided by Allstream Small Business. Click **Login** to proceed.

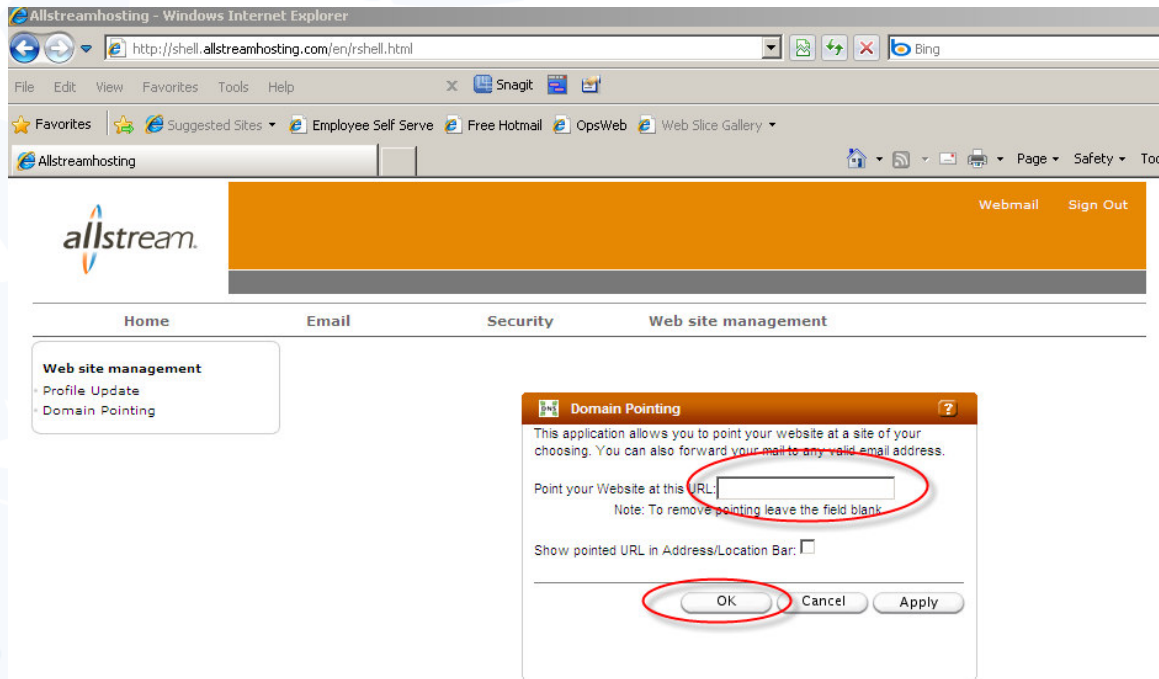

Allstream assumes no responsibility or liability for any loss or damage, including personal injury or property damage, which may result from the connection of your computer to the Internet as discussed in this guide. By proceeding with this installation, you assume all risk of personal injury or property damage. Please consult the documentation provided by the vendor or manufacturer of your computer to identify any impacts to your warranty. (© MTS Allstream Inc. All rights reserved.)

- 4) After logging into the website administration portal, click on the **Web site Management** tab and choose **Domain Pointing**.

5) Enter the URL at which your website will point and click **OK**.

You have now completed the required steps for pointing your domain to another domain.

To remove the Domain Pointing delete the URL in the *“Point your Website at the URL:”* field and click **OK**.
